"Imagine No Bullying"

Blaine Lake Composite School student leaders are proud to present Codie Prevost and the "Imagine No Bullying" campaign on April 7th. Our student leaders are excited for Codie to come to our school and share his message. He will begin with a school performance and then visit each classroom. After school he will hold a press release and then an evening community performance @ 7 pm in the Blaine Lake School Gym.

Our school student leaders have been working hard over the years to create a positive environment and school climate. Last year we hosted a "pink day" and raised money to buy a pink t-shirt for every student and staff member in our school. Our students created a performance with the theme of "make things better everyday"! We invite any and all community (and surrounding communities) members to join us. Help us support our students in their efforts to make the world a better place.
