SENIORS CENTER

M / W / F - 9:00am **COFFEE**
- 11:00 am **FOREVER in MOTION**

Wed Nights - 7:00 pm **BINGO**

Strategic Plan Updates from the CAO

November is a month of shifting into the shorter daylight hours and colder temperatures for the long haul. Thankfully, with Remembrance Day, the Library Craft Fair, and the BLCA Christmas Gala, there are things going on in town this month to keep us active and connected.

4th Annual Hometown Christmas

Just around the corner is our 4th Annual Hometown Christmas which is envisioned to be a more interactive experience this year with a Best Lit in Blaine Lake Contest where residents can vote for their favorite lights, a scavenger hunt, and the first Hometown Christmas Triathlon. Residents who wish to enter the Best Lit contest must register their address to be considered for the grand prize. To enter the Triathlon, participants will need to form teams of six. If you do not have a team, we will do our best to form a team of people who show up wanting to participate and form an impromptu team. There will be prizes for the winning team, as well as for the scavenger hunt. For more information, contact the Town Office or the BLCA.

Website Launched

It took a while for town staff to reorganize content and learn the backend operation of the new town website, but it was well worth it. With many people accessing the web with their phones, having a mobile-responsive website is important for today's on-the-go functionality. The site's home page lists both recent notices and upcoming events in the area and allows for individuals and organizations to submit their events to be added to the calendar which can help gain exposure for things like fundraisers, community outreach, and fun. If you have a notice or event you'd like to be considered for publication on the site, simply click the "submit a notice/event" button, and fill out the form online with information and any media. Town staff will review and approve if the submission meets the requirements.

We hope to see many more residents sign up for mass notifications so we can do a test run with registrants to make sure you are informed on snow days, about road closures, and emergencies. If you need assistance getting registered, Town office staff will be happy to assist you either over the phone or in person. (Continued on page 2)...

Snow Policy

With our first snow fall at the end of October, the Town is prepared for the next "major snow event" of 6-10 inches. Please stay home in the absence of any urgent need to travel such as an emergency.

Additional Reminders to Residents:

- Clearing will begin once the snow has ceased falling, and priority corridors will be windrowed first (see our [snow removal priority map](#))
- Keep vehicles, bins and trailers off the roads/avenues to assist removal crews in clearing; the town is not responsible for removing piles that accumulate around parked vehicles after clearing
- Pushing snow onto plowed streets is not permitted, and must be done **prior** to clearing
- Piling in alleyways is not permitted
- Residents and business owners are responsible for clearing their property and adjacent sidewalks
- Any contractor who wishes to pile snow must do so on the hiring party's property or haul the snow to a designated dump site (see the [snow removal map](#)).
- Violations of the policy will be subject to fines

If you have any questions about the [Snow Removal Policy](#), please give us a call or [submit your inquiry](#) on our website.

Age Friendly Recap: A Gathering of Residents from Leask & Blaine Lake at the Seniors Centre

On October 26th participants from Blaine Lake and Leask gathered at the Seniors Centre to discuss and collaborate on what it means to be "Age Friendly." The short answer is Age Friendly means a better quality of life for seniors and people of all ages who relate to them whether as a family member, friend, or neighbor. Participants learned about the eight (8) directives of Age Friendly and hashed out how our area is doing well or needs improvement in each directive.

Once an Age Friendly region is established, the group can focus on projects to improve the quality of life for seniors and everyone depending on the focused need. For example, the recently formed group in Melfort conducted a community assessment to gauge the needs in the community; while the more established group in Moosomin has created an action plan to put in benches around the community and is actively pursuing a solution for transportation related to out-of-town medical appointments.

To learn more about Age Friendly Saskatchewan, visit our webpage: [Seniors Services](#) to link to Age Friendly or contact the Town Office to become part of this local initiative.

UPCOMING EVENTS ARE ON THE TOWN'S WEBSITE CALENDAR AND FB PAGE
