Do You Want to see Blaine Lake Thrive?

It's January 1st and New Years' Resolutions are ready to be made. Do you have a treadmill or bike that is excellent for hanging clothes on and in good condition? Or maybe weights that you have been tripping over for years; a stack weight machine that is just taking up space? If your New Years Resolution to get rid of unwanted equipment and/or use the equipment to get more in shape and take off a few pounds, then consider donating your good used cardio and weight equipment to the proposed new Fitness Centre scheduled to be coming in 2026 in the Town Office basement.

Not only will the Town pick up the equipment, you could receive a year's membership in exchange for good used equipment.
